**Section 214 Application**

**Applicant: AT&T Services, Inc. on behalf of SNET America, Inc. d/b/a AT&T Long Distance East**

On **March 31, 2014**, **AT&T Services, Inc.** (AT&T or Applicant) filed an application with the Federal Communications Commission (FCC or Commission) on behalf of its affiliate, **SNET America, Inc. d/b/a AT&T Long Distance East** (SAI or Applicant), located at **84 Deerfield Lane, Room C2C, Meriden, CT 06450**, requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in Alabama, Alaska, Arizona, Arkansas, Colorado, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, Utah, Vermont, Wisconsin and Wyoming (Service Areas).

AT&T indicates that SAI currently offers Switched Access Interstate voice service, Switched Access International voice service, Operator Services and Directory Assistance in the Service Areas. AT&T explains that Switched Access Interstate voice service allows a subscriber to place interstate voice calls between locations within the United States. According to AT&T, Switched Access International voice service allows a subscriber to place voice calls between locations in the United States and applicable international points, and between applicable international points. AT&T describes SAI's Operator Services as services that allow subscribers to complete a call using alternative billing options such as Collect, Third-Party and Person-to-Person with operator assistance. AT&T states that SAI's Directory Assistance allows subscribers to request the telephone number or area code of a party located in another state or United States territory. AT&T asserts, however, that SAI does not have any current customers subscribing to these services in the affected markets. Accordingly, AT&T states that SAI plans to discontinue these services and no longer offer them in the Service Areas on or after May 15, 2014, subject to Commission authorization.<sup>1</sup> AT&T maintains that the public convenience and necessity will not be impaired by the proposed discontinuance because SAI currently does not have any customers and there are other providers of these services in the affected markets. AT&T asserts that SAI is considered a non-dominant carrier with respect to these services.

---

<sup>1</sup> Discontinuance of international service is governed by section 63.19 of the Commission's rules. See 47 C.F.R. § 63.19.

In accordance with section 63.71(c) of the Commission's rules, AT&T's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies AT&T that the grant will not be automatically effective. In the application, AT&T indicates that SAI plans to discontinue these services and no longer offer them in the Service Areas on or after May 15, 2014, subject to Commission authorization. Accordingly, pursuant to section 63.71(c) and the terms of the application as applicable, absent further Commission action, SAI may discontinue offering its Switched Access Interstate voice service, Operator Services and Directory Assistance in the Service Areas on or after **May 15, 2014**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.
